£20.00

Registrar Rejection

£15.00

Illustration of costs

This section provides you with an illustration of the effect costs and charges could have on any future investments you purchase. It is not marketing material. This information is required by law and you are advised to read it in order that you can make an informed decision about whether to invest.

Charges summary (lump sum investment)

	Shares							
	Certificate dealing online		Certificate dealing offline		Corporate nominee online		Corporate nominee offline	
	%	£5,000	%	£5,000	%	£5,000	%	£5,000
Investment Management Charges	0.00%	£0.00	0.00%	£0.00	0.00%	£0.00	0.00%	£0.00
Our charges	1.50%	£75.00	2.20%	£110.00	1.50%	£75.00	2.00%	£100.00
Total	1.50%	£75.00	2.20%	£110.00	1.50%	£75.00	2.00%	£100.00

The illustrations above are based on the following:

Our charges are the charges for operating your account with us, Dealing commission and UK stamp duty (where applicable). Please refer to the Tariff sheet for more details of the service costs taken by us.

Investment management charges are the charges for managing the investment and are charged by the Investment Manager not us. There are no investment management charges for investing in shares.

Charges are based on one lump sum contribution with no further lump sums or any withdrawals. Other charges may be applicable based on your personal circumstance and dealing frequency.

The cumulative effect of costs and charges on return

	Shares			
	Certificate dealing online	Certificate dealing offline	Corporate nominee online	Corporate nominee offline
What your value could be if there were no charges	£5,624	£5,624	£5,624	£5,624
What your value could be after charges	£5,540	£5,501	£5,540	£5,512

The total charges deducted for each investment will have an impact on the return you might get. Whilst performance cannot be guaranteed we can provide examples of how the charges will affect what you might get back.

Based on a £5,000 investment held for 3 years with an assumed net growth rate of 4% pa in the investment.

Your questions answered

“Which shares are exempt from stamp duty?”

In a bid to help growth companies raise finance and encourage you to invest in them, the Government doesn't charge stamp duty where applicable on shares on AIM and other recognised growth markets (subject to the appropriate certification). Please refer to the HMRC website to find out which markets are classified as 'recognised growth markets'. Since stamp duty exemption is on a company by company basis, feel free to give us a call on 0370 703 0084 to check whether a particular share is exempt or not.

How is my Dealing Commission paid?

For sales, dealing commission will be taken from the proceeds of the sale. Purchase fees and taxes will be taken in sterling immediately following trade execution (when price is confirmed) by UK debit card. Where the customer does not hold a UK debit card, purchase fees and taxes must be pre-funded in sterling by bank transfer or by sterling bank draft drawn from a UK bank account.

Why is the illustration based on £5,000 lump sum investment rather than the amount I wish to invest?

This has been used as a typical investment amount for illustration purposes.

Why does the illustration not represent my personal circumstances or investment amount? Can you provide me with a personalised version?

The illustrations are intended to be generic in nature and it is not feasible to cover personal circumstances for customers, therefore, we will not be producing personalised versions of the illustration.

Why does the illustration not include all the charges I may pay? Where can I see what other charges are applicable to my account and investment?

Our illustration is based on the standard tariff and charges to keep the illustration as simple as possible. To cover the various charges that might be incurred there are too many variables that will affect this, such as the number of investments or withdrawals you make, and therefore it not practical to make assumptions on this.

Why have you used a 4% growth rate for a three year period?

4% has been used as an average rate of return. The actual investment return could be greater or less and 4% has been used for illustrative purposes only.

Other questions or problems?

If you have any further questions or problems, feel free to give us a call on 0370 703 0084.
